*The Southern Concourse* is the official publication of the Southern States Correctional Association and is published quarterly (September, November, February and May). Any material submitted for publishing should reach the editor at least 30 days before the month of publication. The editor reserves the right to edit, change or decline any material submitted for publication.
Greetings from the Great State of Georgia! My team and I are so excited to be hosting the 2020 SSCA Conference in the beautiful and historic city of Savannah, Georgia. Good food, good friends, good training, and good ole southern hospitality await you. We are putting together a timely and relevant training agenda that I am certain will provide something for everyone.

I want to take this opportunity to thank Kevin Murphy and his team for providing a great conference in Hot Springs, Arkansas. It was top notch. We so enjoyed our time there with our SSCA family. The training and fellowship with our family of corrections professionals was inspiring, refreshing, and rejuvenating. I heard so much “shop talk”, and laughter, and saw so many smiles that I knew we are all in this business together and are supportive of each other. I hope that you all enjoyed Arkansas as much as I did.

It is a great honor and privilege for me to serve as your president. The responsibility is large and one that I certainly do not take lightly. I am so humbled to serve alongside of each of you in this great organization. We can make a huge difference in the lives of others. I encourage you to remind yourselves of that each day as you go about doing the business of our profession. We chose this career because we are servants and want to help our fellow man. Let us not lose sight of that desire to serve as we get caught up in the complexity and fast pace of our daily lives.

As we look forward to a great 2020, we must also look back and give thanks to all the past SSCA leaders and members that have gotten us to the point where we are today. It is through the leadership and commitment of those people that our association has become as strong as it now is. Our membership count at this year’s summer conference was over 1600! That is awesome! Let’s keep that positive momentum going so that we can reach our goal of 2000 members. In fact, let’s strive for a membership of 2020 in 2020. I ask that you please join with me as we keep membership as one of our primary goals. Let’s continue to improve and make the best even better. God bless you all! I look forward to seeing you in Georgia!

Michael (Mike) Brockman, who has over 13 years in corrections, is currently employed as an Investigator with the Arkansas Board of Corrections Compliance Division. Mike previously served as an Internal Affairs Investigator with the Arkansas Department of Correction and prior to that worked as the Chief Deputy for the Lincoln County Sheriff in Arkansas for 10 years.

Mike was instrumental in developing the Department of Corrections’ cellphone intelligence while working in the Internal Affairs Division prior to moving to the Compliance Division. It was his drive and determination to glean any amount of intelligence from the confiscated cellphones that resulted in many thwarted attempts to introduce other forms of contraband into the institutions of the Arkansas Department of Correction as well as tracking the money trails dealing with this contraband via the inmate telephone system. It is his continued efforts in gaining and forwarding to the appropriate divisions intelligence from these confiscated cellphones that many leads have been developed, which have led to the termination/resignation of suspected corrupt staff, the removal of many inmate’s approved visitors from gaining access to the institutions and developed intelligence on paroled inmates who were facilitating the introduction of various forms of contraband into the institutions. Mike’s diligence in the development of intelligence from these confiscated cellphones has contributed greatly to the Arkansas Department of Correction’s mission of providing a safe and secure environment for all.

KEVIN HARRISON
Probation & Parole Specialist, Louisiana Department of Public Safety and Corrections

On the morning of June 12, 2018, Agent Kevin Harrison received a phone call about Jonathan Odom, a parolee under his supervision. The caller advised the subject was at another parolee's house in Bogalusa,
LA. The caller stated the two offenders were getting high and she was very concerned as Odom had overdosed on heroin in February 2018, March 2018, and April 2018. Also that morning, Agent Harrison’s supervisor also received calls about Odom. The supervisor was advised that Odom was seen with a firearm and was threatening to rob someone or some place for money if his family or friends did not give him money. Agent Kevin Harrison gathered four additional agents to assist him in locating the offenders, administering drug screens, potentially searching for drugs/weapons, and making arrests if needed.

After some investigative field work, Agent Harrison located Jonathan Odom’s truck at his residence in Angie, LA. Upon the 350-yard approach to the vehicle, Agents noticed the driver’s door was open. Agent Harrison observed a pair of legs in the driver’s seat of the vehicle. He identified the person to indeed be Jonathan Odom, but Odom appeared to be passed out. Agent Harrison began to pull Odom out of the vehicle. Odom’s body was completely limp and his head for stuck between the head rest and the door frame. Agent Harrison then used his right hand to cradle Odom’s head and remove Odom from the vehicle. Odom’s body appeared lifeless. Agent Harrison placed Odom on the ground in the recovery position. As Agents were observing Odom’s body for signs of life, Odom took a strange breath. At that time, they noticed a syringe at Odom’s feet that had fallen out of the vehicle. The needle still had a liquid substance inside. Agents believed this liquid to be heroin, as this is Odom’s drug of choice. Agent Harrison used his police radio to call for Emergency Medical Services due to the apparent overdose. Agent Harrison was advised that all medical personnel were on other calls but would respond to the scene as soon as a unit was available. Agent Harrison was advised that all medical personnel were on other calls but would respond to the scene as soon as a unit was available. Odom was taking very shallow breaths, had a week pulse, and had begun to turn blue. Agent Harrison went to his unit to obtain a CPR mask and a vial of Naloxone.

Because EMS was still several minutes away, Agent Harrison made the decision to administer a dose of Naloxone to Odom’s right thigh. Odom was still unresponsive but the blueness was fading and he appeared to start breathing a little easier. Ten minutes after the administration of Naloxone, Washington Parish Sheriff’s Office and Northshore Ambulance Service both arrived on scene. EMS was advised that a dose of Naloxone was administered. Odom opened his eyes and became "somewhat" conscious when he was lifted onto the gurney. EMS transported Odom to Our Lady of the Angels hospital in Bogalusa. WPSO followed EMS in case Odom became irate during the transport.

Inside Odom’s vehicle, Agents located suspected heroin. Agent Harrison then located a .22 caliber semi-automatic pistol under the driver’s seat. The pistol was loaded with eight (8) rounds. While at the hospital, Odom
became combative and had to be restrained. Doctors administered two (2) more doses of Naloxone before Odom could be medically released. Odom admitted to shooting up heroin and stated that he used a needle larger than what he is used to. When Agent Harrison spoke with medical staff regarding Odom's condition, his doctor stated "there is no doubt in my mind, he would be dead" if not for the early dose of Naloxone. A second doctor and nurse agreed that Agent Harrison saved Odom's life.

Agent Kevin Harrison is a valued member of the Covington District Probation and Parole office. He has supervised cases in Washington Parish for 10 years. He has an excellent rapport with the local law enforcement agencies and is known in the community to be available to his cases, Agent Harrison is the kind of Agent who seeks and achieves extra training in order to keep his skills sharp and his knowledge current. He is a team player, valued by his coworkers, and willing to assist at any time.

Shortly after this life-saving event, the Department of Probation and Parole officially released the Naloxone policy that provides for training and authorization to carry/use Naloxone.

Mitzi began working for the Georgia Department of Corrections as an intern and become employed full time in 1988. During her career in corrections, she steadily rose through the administrative support ranks to become part of the management team and a valued member of the administrative operations of the Agency. While serving in various business operations, she utilized her knowledge, skills, and creativity to develop business products that enabled the department to streamline several critical functions.

Always seeking new knowledge, especially in the computer technology field, this nominee used her skills to develop the first automated tracking system for auditing statewide purchase orders. She then served as a team member to develop, train and implement the agency’s first purchasing card program. After joining the Office of Information Technology, she utilized her business skills as lead analyst for all financial applications when the Agency designed a new statewide computer system to support operational and fiscal operations. Recognizing her competence in financial areas, the agency Commissioner asked her to provide the leadership to create a new Consolidated Banking Unit that managed all funds associated with inmate trust accounts, along with Parole and Probation collections and disbursements. After setting up the unit, she was promoted to Director of the unit.

SOUTHERN CONCOURSE ARTICLES

In accordance with requirements of the SSCA Constitution and By-Laws, and as directed by the Association’s Executive Board, the Concourse Committee is soliciting your articles for publication in the Southern Concourse. Per SOP-108, Duties and Responsibilities: #4, it is the duty of the State Representatives to secure articles and advertisements for the Southern Concourse, however articles may be submitted by any SSCA member. Your participation would be appreciated.
A silent auction is held at every July SSCA conference to support the Catastrophic Weather Fund, please bring any items you wish to donate to the auction with you to the summer conference, or contact Cookie Crews, Executive Secretary, for shipping information. Also, be reminded that the fund is in place to provide needed assistance to SSCA members who have maintained their SSCA Membership for a minimum of one (1) year, and have sustained a recent loss due to a catastrophic weather event.

A catastrophic weather event is defined as a hurricane, tornado or flood that has been labeled as such by the National Weather Service. Once a catastrophic event has been declared by the National Weather Service, members of SSCA may apply, in writing, to their State Representative for assistance. The State Representative will then forward the request, with an attached explanation of the nature and circumstances of the loss, to the Chairperson of the Catastrophic Weather Fund Committee. The committee will consider requests on a “first come first served basis,” until the fund is depleted. The State Representatives’ names and contact information are found in the Concourse, or on our website at www.sscaweb.org.
